DETAILED ACTION

Drawings

1. The drawings were received on February 10, 2004. These drawings are accepted by the Examiner.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited composite tape. The independent claim identifies the uniquely distinct features of a tape that include the backing layer of the release tape covering the mechanical fastener material while the fastening tape is releasably attached to the release tape. The closest prior art of record, Richter et al. (USPN 6,363,587), disclose a different composite tape, which either singularly or in combination, fails to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
